

FAMILY DISCOVERY DAYS

2-4 PM THIRD SUNDAYS

TORREY PINES STATE NATURAL RESERVE

January 22 **Great Gray Whales**

When does a pelican look like a whale? Hike out to **Guy Fleming Trail North Overlook** and find out! We'll look for migrating gray whales off the coast while learning about their long journey from Alaska to Baja.

February 19 **Birding Basics**

Meet in front of the **Visitor Center** to get tips on finding and identifying birds, then head out on a bird hike on your own.

March 18 **Geology Rocks**

We'll be near the **West Overlook** (behind the west parking lot). Stop by learn how geologists read the earth's history in its rocks, and experiment with magnetite from the soil.

April 15 **Flower Power**

Walk to the **Guy Fleming Trail South Overlook** and find out why our seasonal wildflowers aren't just pretty, they're tough survivors.

May 20 **Insects and Spiders**

Meet near the **Visitor Center** to discover more about these creepy crawlies.

All Family Discovery programs are drop in and free of charge

Day use parking fees apply for entrance to the Reserve

May 5 and 6 **Art in the Pines:** art show and sale benefits nature education

July/August **Junior Rangers** for ages 7-12 and **Little Rangers** for ages 4-6 with adult
