Art in the Pines is a 2-day
celebration of nature through
the interpretive eye of the
artist. After 2 successful years
it is being held for the 3rd year
at a time when the Reserve's
wildflowers are in full bloom.
The outdoor venue is atop the
mesa near the Torrey Pines
Visitor Center.

The days will include music,
refreshments, guided
nature walks, children's art
and activities, and artist
demonstrations.

Artists of a variety of categories
from San Diego County will
display and sell their art for
the benefit of the educational
programs, mainly primary
school field trips. Enjoy walking
the reserve of Torrey Pines
while viewing nature-based
paintings, (oil, pastels, drawing,
watercolor, acrylic), sculpture,
ceramics and photography.

Competitions of recently
painted plein air paintings
representing the beauty of
Torrey Pines State Natural
Reserve will be a highlight.
